Hi Carla,

Just touching bases on this. We are looking into what AZ may have done in the past, but really the example should probably come from EPA.

I will let you know what we find.

Thanks,

Trevor

Good afternoon Gentlemen!

I hope this note finds you well and enjoying the beginning of Spring.

Excelsior requested my assistance regarding comments made by EPA regarding the bonding requirements to be included in the APP and UIC permits. Specifically, I am looking into EPA's latest comment requesting that if a surety bond is to be provided (which is the preferred FA mechanism in this instance) then Excelsior also is to provide a standby trust agreement. Could one (or both) of you please provide to me a sample of what the agencies have found to be acceptable in this regard in the past? If there is someone else in your respective agencies with whom I should consult, please let me know who and I will connect with that person.

Thank you for your assistance,

Carla.
